RESIDENTIAL SEWER AVERAGING IN EFFECT DECEMBER 15 – MARCH 15

The City of Eagle Lake will be conducting **SEWER AVERAGING.**

Annual residential sewer rates are determined by water consumption from DECEMBER 15th through MARCH 15th. The readings for these three months are averaged and that average will be your sewer charge for the next twelve months, starting **April 1, 2023**. Customers are encouraged to fix any water leaks as soon as possible and limit water usage (like watering grass or washing cars) in an effort to keep water consumptions at a minimum during this time. Each residential sewer rate is based on the actual water consumed at that particular location. If you have any questions, please don't hesitate to ask.
