

Eye on Water

The graphic features a blue background with the City of Eagle Lake Utilities Department logo in the top left. A computer monitor displays the Eye on Water web portal, showing water usage statistics and a bar chart. In front of the monitor is a brass water meter. Below the monitor, text reads: "You now have online access to your water usage information! As part of our ongoing efforts to improve services to our customers, we are now offering you direct and secure access to your water usage data. The **EyeOnWater** suite of available tools includes a secure online website to review and analyze your water usage patterns. A consumer smartphone app will be made available after the initial online sign-up." Below this text is the "Powered By" logo for Badger Meter. To the right, a sign-up box contains the text: "To access your personalized online portal visit **WWW.EYEONWATER.COM/SIGNUP**". Below this, it states: "You will need the following information to register for an online account:" followed by a list of required information: "• Zip Code: 77434", "• Account Number: 01-XXXX-XX", and "• E-mail Address:".

CITY OF EAGLE LAKE UTILITIES DEPARTMENT

What's in it for me?

- Eye on Water keeps you informed about your water use 24/7.
- Leak detection in your home or business.
- Control of water use translates into lower costs.
- Assurance that your meter is recording accurately.
- Verify that your irrigation system and pool equipment are operating correctly.
- Still unsure? Watch our Eye on Water video below for information on making Eye on Water work for your home or business. Or you can sign up with step-by-step instructions.

Please take time to view the YouTube video that reviews all of the features of [Eye on Water](#).

[Eye on Water Sign Up](#): (You will need your Utility Account Number)

Visit <https://eyeswater.com/signup> to create your online account. Enter your service or billing ZIP (postal code) and your account number.

Click on the link in the email to verify your email address.

Enter your name and email address. Confirm the address, and then create and confirm a password. Passwords must be 8 to 16 characters long.

After clicking the link in your email, enter your email address and password to sign in.

Check your email for the verification message that has just been sent.

Once you're logged in, you'll be able to view your water consumption and even set a leak alert.
